DISTRICT MUNICIPALITY

SUSTAINING GROWTH
THROUGH OUR PEOPLE

Risk Management Policy

Risk Management Policy

Purpose of the Policy

The purpose of this Policy is to articulate Chris Hani District Municipality risk management philosophy. The Chris Hani District Municipality recognizes that risk management is a systematic and formalized process to identify, assess, manage and monitor risks and therefore adopts a comprehensive approach to the management of risk.

Scope of the Policy

This policy applies throughout the municipality in as far as risk management is concerned.

Risk and Risk Management

Risk refers to as: is the chance of something happening or not happening that will have an impact upon the objectives of CHDM and/or individual business units. And or uncertain future events (threats and opportunities) that could influence the achievement of the goals and objectives of the municipality. Some risk factor(s) also present upside potential, which Management must be aware of and be prepared to exploit. Such opportunities are encompassed in this definition of risk.

Risk management is a systematic and formalized process instituted by the municipality to identify, assess, manage, and monitor risks.

Benefits of Risk Management

Chris Hani District Municipality implements maintain effective, efficient, and transparent systems of risk management and internal control. The risk management will assist the municipality to achieve, among other things, the following outcomes needed to underpin and enhance performance:

- more sustainable and reliable delivery of services;
- informed decisions underpinned by appropriate rigor and analysis;
- innovation;
- reduced waste;
- prevention of fraud and corruption;
- better value for money through more efficient use of resources; and
- better outputs and outcomes through improved project and program management

1. Role players

Every employee is responsible for executing risk management processes and adhering to risk management procedures laid down by the department management in their areas of responsibilities.

1.1 Risk Management Oversight

1.1.1 Council

The Executive Authority takes an interest in risk management to the extent necessary to obtain comfort that properly established and functioning systems of risk management are in place to protect the municipality against significant risks.

1.1.2 Anti-Fraud and Risk Management Committee

The Accounting Authority appoint the Anti-Fraud and Risk Management Committee to assist them to discharge their responsibilities for risk management. The Committee's role is to review the risk management progress and maturity of the municipality, the effectiveness of risk management activities, the key risks facing the municipality, and the responses to address these key risks. The charter outlines extensively the responsibilities of the Anti-Fraud and Risk Management Committee.

1.1.3 Audit Committee

The Audit Committee is an independent committee responsible for oversight of the department's control, governance, and risk management. The responsibilities of the Audit Committee are defined in its charter. The Audit Committee provides an independent and objective view of the municipality's risk management effectiveness.

1.1.4 ICT Steering Committee

Risk Management Policy

The ICT Steering Committee has a fundamental role to play in the management of risk. The ICT Steering Committee has responsibility for overseeing risk management within the municipality.

Its role is to:

- a) Communicating the municipality's approach to risk
- b) Determining what types of risk are acceptable and which are not
- c) Determine the appropriate risk appetite or level of exposure for the risk
- d) Approve major decisions affecting the risk profile or exposure.
- e) Identify risks and monitor the management of fundamental risks to reduce the likelihood of unwelcome surprises.
- f) Satisfy itself that the less fundamental risks are being actively managed, with the appropriate controls in place and working effectively.
- g) Annually review the municipality's approach to risk management and approve changes or improvements to key elements of its processes and procedures.

1.2 Risk Management Implementers

1.2.1 Municipal Manager

The Accounting Officer is accountable for the municipalities' overall governance of risk. By setting the tone at the top, the Accounting Officer promotes accountability, integrity and other factors that will create a positive control environment.

1.2.2 Management

Management is responsible for executing their responsibilities outlined in the risk management strategy and for integrating risk management into the operational routines.

1.2.3 Other Officials

Other officials are responsible for integrating risk management into their day-to-day activities. They must ensure that their delegated risk management responsibilities are executed and continuously report on progress.

1.2.4 Information Technology Unit

- a) Implement policies on ICT risk management and internal control.
- b) Identify and evaluate the fundamental risks faced by the municipality for consideration by the Steering Committee and Risk Management Committee.
- c) Information technology must provide adequate information in a timely manner to the ICT Steering Committee and its sub-committees on the status of risks and controls.
- d) Undertake an annual review of effectiveness of the system of internal control and provide a report to the ICT Steering Committee and Risk Management Committee.

1.3 Risk Management Support

1.3.1 Risk Management Unit

The Risk Management Unit is the custodian of the Risk Management Strategy, and coordinator of risk management activities throughout the municipality. The primary responsibility of the Risk Management Unit is to bring to bear specialist expertise to assist the municipality to embed risk management and leverage its benefits to enhance performance.

1.3.2 Risk Champion

The Risk Champion's responsibility involves intervening in instances where the risk management efforts are impaired, for example, by the lack of co-operation by Management and other officials and the lack of departmental skills and expertise.

1.4 Risk Management Assurance Providers

1.4.1 Internal Audit

The role of the Internal Auditing in risk management is to provide an independent, objective assurance on the effectiveness of the municipality's system of risk management. Internal Auditing must evaluate the effectiveness of the entire system of risk management and provide recommendations for improvement where necessary.

1.4.2 External Audit

Risk Management Policy

The external auditor (Auditor-General) provides an independent opinion on the effectiveness of risk management.

1.5 Incorporation of risk management in the performance agreement

All senior managers must include risk management as a Key Performance Area in their performance agreement.

2. Policy review

This Policy shall be reviewed annually to reflect the current stance on risk management.

5. Effective date

The effective date of this policy, or any amendments thereto, shall be the date of its adoption by Council.

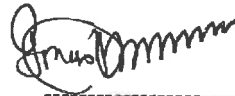

This policy takes effect on the 01st of July 2022
