2. LEGISLATIVE MANDATE

Section 165 of the Municipal Finance Management Act (MFMA) no 56 of 2003 and the King IV Report on Corporate Governance give rise to the establishment of the Internal Audit Activity.

3. OBJECTIVE AND MISSION

The mission of the Internal Audit Activity is to enhance and protect the Chris Hani District Municipality's value by providing risk-based and objective assurance, advice and insight.

4. SCOPE

Internal Auditors shall at all times conduct the work or any other tasks assigned to them in accordance with the International Standards for Professional Practice of Internal Auditing and shall further comply with the Code of Ethics for internal auditors, as published by the Institute of Internal Auditors (IIA). Internal Audit follows an integrated approach, which places emphasis on the identification of risks, the prioritising thereof and testing of controls over key risk areas. The integrated audit approach combines two types of audit engagements, i.e., assurance and consulting services.

4.1 ASSURANCE ENGAGEMENTS

These refer to the evaluation of the adequacy, effectiveness and efficiency of the District Municipality's risk management, control and governance processes. The purpose of this is to provide reasonable assurance that these processes are functioning as intended and will enable the District Municipality to achieve its goals and objectives, as well as provide recommendations on improving the organization's operations. Business systems, processes, operations, functions and activities within the organisation shall be subjected to internal audit's evaluation. Examples of assurance engagements to be provided are as follows:

- Financial.
- Performance.
- Compliance.
- IT General Controls.

INTERNAL AUDIT CHARTER

4.2. CONSULTING ENGAGEMENTS

These refer to advisory and related engagements, the nature and scope of which should be agreed upon with the auditee management. The following categories of consulting engagements may be performed:

- Formal consulting engagements: planned and subject to written agreement.
- Informal consulting engagements: routine activities such as participating on standing committees, limited life projects, ad hoc meetings and routine information exchange.

The Internal Auditors should, however, maintain their objectivity when drawing conclusions and offering advice to management. The following consulting services may be provided:

- Counsel.
- Advice.
- Facilitation; and
- Training.

The comprehensive scope of work of Internal Audit should provide reasonable assurance that the organisation's risk management; control and governance systems are effective and efficient. In areas where, in the opinion of the Chief Audit Executives (CAE), specialised audit skills are lacking within the unit, the services of external service providers may be employed.

5. ACCOUNTABILITY

The CAE, in the discharge of his/her duties, shall be accountable to the Municipal Manager and the Audit Committee to:

- Provide annually an assessment on the adequacy and effectiveness of the Chris Hani District Municipality's processes for controlling its activities and managing its risks in the areas set forth under the mission and scope of work.
- Report significant issues related to the processes for controlling the activities of the organisation and its affiliates, including potential improvements to those processes, and provide information concerning such issues through resolution.
- Periodically provide information on the status and results of the annual audit plan and the sufficiency of organisations resources; and
